

**THERE IS A LOT MORE
TO TREATING SKIN CANCER
THAN REMOVING A MOLE**

Skin cancer is deadly serious. Melanoma, a potentially lethal skin cancer, is the most common form of life threatening cancer in 15 to 24-year olds. Unplanned exposure to the sun can put you at risk. Outdoors

you can't just rely on sunscreen. So always protect yourself and your family in five ways with a hat, clothing, shade, sunglasses and sunscreen. australia.gov.au/skincancer

PROTECT YOURSELF IN FIVE WAYS FROM SKIN CANCER
