PROTECT YOURSELF IN FIVE WAYS FROM SKIN CANCER

30 SEC 'MCG' RADIO SCRIPT

VO: Every year almost 400,000 Australians are diagnosed with skin cancer.

That's enough people to fill the MCG four times over.

SFX: huge crowd noise from a packed stadium.

VO: Outdoors, you can't just rely on sunscreen. Protect yourself in five ways with a hat, clothing, shade, sunglasses and sunscreen. Do that to avoid ending up with skin cancer.
